The correspondent of the Sripps-McRae Press association had a narrow escape. RAILROADS ARGUE BACK TAXES

MADISON, Nov. 4.—The railroads resisting the payment of back taxes demanded by the state attack the validity of the act passed by the last legislature to extend the operation of the statute of limitations. Judge Warren D. Tarran of Milwaukee, sitting in the Dane county circuit court for Judge E. Ray Stevens, heard arguments on the demurrer of the railroads all day yesterday. Judge Stevens was the subject of an affidavit of prejudice fieled by the railroads and so Judge Tarrant was called in.

Judge Thomas Wilson of the Omaha road occupied most of the day, and he was followed by E. M. Hezer of Milwaukee for the Northwestern road. The state was represented by Attorney General Sturdevant and H. W. Chynoweth. The state claims judgement that the roads be required to bring their books and accounts into court for expert examination and accounting so that the amount due the state may be determined.

The state names no specific sum as being due, but makes the allegation that a large amount of taxes have been wrongfully withheld by the roads on account of their failure to include in their annual reports of gross earnings large sums of alleged rebates given and other items. The amount in controversy will not be less than $500,000, it is said, and it may reach $1,000,000.

QUEER EPITAPHS ON SIDEWALK OF GRAVESTONES.

La Crosse has the distinction of being perhaps the only city in the United States that can boast of having within its limits a sidewalk made of grave stones.

Thomas Shimmin, the monument man residing at Twelfth and State streets, is the owner of this unique sidewalk, and thousands of citizens have walked over it and marveled at its strangeness during the past few weeks.

Grave stones that were ordered by various bereaved people and never called for form the nucleus of the walk. Between the blocks cement fills in the irregularities formed by stones which do not jibe. It is not only the most unique but also the mose expensive walk in the city. If the stones had been ordered cut for the purpose the walk would cost several hundred dollars.

Epitaphs alone are lacking on the grave stones, or were until Hallowe'en night, when some village wag got busy with a blue crayon pencil. The epitaphs inscribed on the stones, however, were not exactly in keeping with their sacred character. The inscriptions were the source of much amusement to passersby until footsteps finally obliterated them. Dozens of epitaphs such as "Here's to a boy killed by a skyrocket which most unexpectedly went off in his pocket," and "Curse be the bones that lay these stones" graced the blocks for several days.

NEW TRIAL IS DENIED REV. HOFER

So Erring Priest Will Take Case to Supreme Court--Stay of Sentence

Rev. James Hofer, the priest convicted of being the father of eBrtha Taylor's child, again this morning escaped punishment.

Judge Fruit after hearing arguments of attorneys granted a stay of judgment pending the decision of the supreme court on the question of writ of error because of the circuit court refusing a new trial. Judge Fruit refused a new trial this morning on the ground that the case was thoroughly tried, all the witnesses procurable testifying, and there was little probability of anything new being brought out in another trial.

District Attorney Bosshard, upon the announcement of the court's decision, made a motion that the amount of bail be increased from $1,500 on account of the gravity of the offense. The court concurred in this suggestion by increasing the bail bond to $2,000. Rev. Hofer was also instructed to appear in circuit court on the first day of each term until the supreme court had decided upon his case. Bail will be furnished and Rev. Hofer given his liberty.

BOY TO DIE

George Bailey, aged 8, son of A. W. Bailey, La Crescent, was fatally burned in the explosion of an oil tank on a moving train on which he was riding from River Junstion to La Crescent this afternoon.

An unknown tramp who was riding on the oil tank car with the boy is said to have dropped a match in or near the tank causing the frightful explosion which wrecked the car and hurled burning oil in all directions.

The boy is literally a living lump of charred flesh. It is evident he cannot live until tonight. The tramp has mysteriously disappeared and may have been torn to atoms by the force of the explosion.

The Baileys recently moved to La Crescent from Illinois.

TOLLTAKER MATT SPAH SNAPS UP ALL GRAIN

STIENER THOUGHT HE WAS DIVORCED

Pleads for Lienency Because Lawyer Granted Him "Divorce."

Rudolf Steiner, wife deserter, made a plea for leniency at the hands of the court when arraigned before Judge Fruit this morning to receive sentence upon his conviction by a jury late yesterday afternoon.

"I never intended to do any harm to my wife," he said. "We made an agreement to separate. I never did anyone harm and have never been in trouble before. I always paid my fare as I went and at no time intended to do wrong."

Judge Fruit in imposing sentence took into consideration the fact that there were mitigating circumstances in the case. Steiner was sentenced to six months in the county jail, the minimum sentence under the charge. When the prisoner discovered he was not to be taken to Waupun a look of relief brightened his face and he thanked the judge.

Lawyer Granted "Divorce."

The most important evidence in favor of the defendant was a written agreement drawn up and sworn to before Notary Chas. B. Miller in which the couple agreed to separate, after Steiner had spent in lavish living the proceeds of the sale of a farm amounting to $1,800.

City Employe Has a "M'Curdy" Game

SO CHARGES R. C. WALLACE

Representing Grain Dealer Drives Others From Wagon Bridge

R. C. Wallace, grain dealer at 113 Pearl street, this morning registered complaint with the board of public works against Matt Spah, tolltaker at the wagon bridge, charging that Mr. Spah while in the discharge of his duties for the city, is competing against him in business.

Spah is charged by Mr. Wallace with intercepting farmers on the bridge and sending them to the American House with their grain. When seen this afternoon regarding the matter Mr. Wallace said:

"I don't know how long this has been going on but this morning I talked with two farmers who had oats and both refused to sell to me, claiming that they had been told by the bridgeman to go to the American House buyer with their grain; he would pay as much as the other buyers and perhaps more.

"I entered a formal protest with the board of public works, being unable to locate the mayor. Other grain dealers have similar grievances and will corroborate what I say. The protest filed with the board represented their views as well as mine.

"Mr. Spah naturally has an advantage over us in being able to have the first word with the farmer. He does not allow us to come up on the bridge and inspect grain and conduct negotiations with the farmer, reserving the first privilege for his own interests."

By the time the farmer gets down the hill of the bridge Spah has already arranged the purchase of his grain, according to the complaint, sending it to the co-operator, the grain buyer at the American House.

Thus it is charged, that city taxpayers in the grain business here are "beat" out of their business by a city employe who is in fact working for them—as taxpayers—and whose salary they pay.

GREAT MUSICAL PLAY TOMORROW EVENING.

Manager Gage takes especially pleasure in calling attention to the engagement of 'Florodora." The English musical comedy will receive its premier presentation in this city on Sunday, Nov. 5th, tomorrow night.

The most important question which local devoters of the theatre ask, is, 'What sort of a production are we to have?" In answer to this, it needs only be said that the company which will appear at the La Crosse theatre is an unusually large one, and the production, as regards scenery and costumes, is a brand new reproduction of the original.

DANIEL SULLY AT HIS BEST NOW

An attraction of more than ordinary interest to theatre goers is the western comedy drama, "Our Pastor," in which Mr. Daniel Sully and his company will appear at the La Crosse theatre Tuesday, Nov. 7th.

This is a story of Idaho, the scene being laid in a rough and ready cattle town where a census of good citizens and tough characters would show the latter in a large majority.

The role of Father Daly in "Our Pastor," gives Mr. Sully great opportunities for the display of that rich Celtic humor which is characteristic of his comedy methods.

CHURCHILL MAY BE HERE TO SEE THE "CROSSING."

Winston Churchill, the best known writer of historical fiction in the world today, has not yet seen his latest book-play, "The Crossing" upon the stage. In all probability he will run on here to see the piece played at La Crosse theatre Wednesday, Nov. 8th. The author has many friends in this city, and will be royally entertained when he arrives.

"The Crossing" has proven to be one of the big hits of the season. One of the novelties of the play is a hardwood floor built in twelve sections that will be used to cover the stage in the third act. This is the first time that an actual covering has been used upon the stage, heretofore polished floors being represented by painted cloths. The flooring will be carefully fitted together, and will be laid upon the stage as soon as the company arrives, where it will remain in place until after the last performance.

U. C. T. MINSTREL WILL BE GREAT

Mr. Conway reports everything moving smoothly with the U. C. T. minstrels. The chorus is doing splendid work and is showing great enthusiasm, the boys willingly giving up all social engagements to attend rehearsals. The costumes will soon be ready and are said to be as handsome as any ever seen at the local theatre.

Mr. Walter West who has a studio in the McMillan building and teaches all the string instruments, has completed the orchestration of the songs and pronounces them the equal of any popular music he has ever handled.

Professor Dana is present at all rehearsals and is taking a great interest in the work of the chorus. He is greatly pleased with the way the boys handle the music and predicts that their work will be up to the professional standard when Mr. Grenisen, the musical director, gets through with them. The sale of tickets has exceeded all expectations thus early and it looks now as though the show will have to be repeated to accommodate all who want to see it. The tickets are on sale at the following places: Hoeschler Bros., Adam Forschler's cigar store, The North American Telegraph Co. and L. E. Lavake's grocery on the north side. The prices are 25, 50 and 75c.

BROOKLYN VILLAGE THREATENED BY FLAMES

MADISON, Nov. 4.—The village of Brooklyn, twelve miles distant, started to burn last evening and the local fire department was asked by the authorities at Brooklyn to send help.

Assistance was also asked of Evansville, Oregon, and Janesville.

Madison sent a hose wagon and a company of firemen.

At midnight the fire was under control according to a dispatch. No one was killed although many are reported to have had narrow escapes from the flames.

BROOKLYN, Nov. 4.—Fire broke out in the Brooklyn Mercantile company's store at 6:30 last night. Practically the entire business portion is in ruins.

Fire departments from Evansville and Madison were hurried here on special trains. At 9:30 o'clock the fire was under control. The Bank of Brooklyn is left standing in the center of the burned district.

This is the third time this same district has burned in the last fifteen years. The loss is about $50,000.

$20,000 RETURNED TO MRS. MARSHALL FIELD

CHICAGO, Nov. 4.—Mrs. Marshall Field lost a purse containing $20,000 day before yesterday. It was returned to her husband within an hour. The incident throws some interesting light on the trosseau and pre-nuptial traveling expenses with which Mrs. Field was equipped when she left Chicago as Mrs. Della S. Caton.

Louis Sachs, jeweler and head of the Lucios company, at 213 State street, was the agent by which the missing property was restored to its owner. He was enjoying a spin down Michigan avenue in his automobile Wednesday afternoon, when the treasure trove was discovered. Near Sixteenth street he noticed a purse lying in the middle of the roadway, and, quickly ordering the chauffeur to stop, left the machine to retrieve it.

When he opened the purse to discover the identity of the owner, he gave an ejaculation of surprise. It contained, among other articles, some of Marshall Field's cards and a letter of credit for £4,000 sterling, made out to Mrs. Dela S. Caton. Placing the leather receptacle of wealth in his safest pocket, he continued his journey to the city.

After Mr. Sachs reached the business section he immediately set to work to ascertain Mr. Field's whereabouts over the telephone. Learning that he was in his office at the wholesale store, Fifth avenue and Quincy street, Mr. Sachs jumped into his auto again and was whirled over to that square block of massive stone. He sent in his card to Mr. Field, and soon was given audience.

"I wish to return this purse to you," he remarked. "I happened to find it on Michigan avenue a short time ago.

'It looks like Mrs. Field's," said the merchant. "Why, here's her letter of credit. Thank you, very much."

But there has arisen, in the minds of those who knew of the incident, the question: "What would have happened had the purse been found by one of the gentry who live on their wits and other people's money?" Experts in such matters declare last night that it would have been a comparatively easy matter for a crook with a woman accomplice to realize on the letter at any of the leading European banks.

SIMPLE JOY.

It Feels Mighty Good to Be Clear of Coffee Ails.

A Massachusetts woman had been a life-long coffee drinker and was slow to suspect that it was this habit that was making her life miserable.

The knowledge came to her at last, fortunately, before it was too late.

"I can now see," she writes, "that the use of the old kind of coffee was the cause of my poor health, and before going further, I want to say that Postum Food coffee has done more for me than all the different medicines I took in the years I was ailing, for it has made me a well woman, while the medicines always failed. I have been drinking Postum for 2 years now, and shall never give it up willingly.

"The first intimation of breaking health that I had was when my stomach gave out; my digestion was so impaired that I had no appetite for breakfast and but little for any other meal. Then I became a victim of sleeplessness, and arose in the morning tired and languid and utterly unfit for the duties of the day before me. I grew so nervous that I could not hold my pen, my flesh fell away and I became painfully thin.

"I must acknowledge the help the doctor gave me in finding out what was really the matter with me, for after vainly prescribing medicines, he suggested that I give up coffee. I did so, but with very little hope that it would do any good. I had to have something in the way of a hot, table beverage and fortunately, hit upon Postum.

"Quite a little time elapsed before the coffee poison was worked out of my system, but this was at last accomplished, and from that moment my health improved in every way. Today I am as healthy a woman as can be found. My strength has returned, I sleep beautifully, my digestion has been completely restored, and I enjoy a good hearty breakfast with no distress to follow it. My nervousness has disappeared, and I have taken on flesh so rapidly that my friends tell me I am getting fat.' I weigh more than I ever did before." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

SOCIETY

By ALICE W. WHEELER

"No shade, no shine, no butterflies, no bees
No fruit, no flowers, no leaves, no birds—November."

This was the week when ghosts and goblins, spooks and goops walked abroad promiscuously and with impunity, and great were the doings. Hallowe'en festivities were indulged in very generally by both young and old, every one taking in good part the many harmless jokes and pranks practiced by youngsters.

The principal social events are the card parties, which are being given this afternoon by Mrs. Fred B. Smith at the Stoddard and by Mrs. Odyn J. Oyen and Mrs. A. E. Soderberg at the home of Mrs. Oyen on Seventeenth street.

WEDDINGS.

Mr. and Mrs. Thompson were the recipients of many handsome presents from their friends. They have gone to housekeeping in a pretty little home on Market street, where they will be glad to receive their friends after Nov. 15th.

Miss Luella Nesler and A. W. Zeratsky were married at the home of the bride's parents, Mr. and Mrs. J. Nesle on South Fifth street, Wednesday. The Rev. J. L. Panzlau performed the ceremony.

The bride wore blue silk and carried a bunch of white chrysanthemums. Miss Carie Rolfing was bridesmaid and Paul Shultz best man. The three cousins of the bride, the Misses Rosena Hauser, Magdelena Hauser and Minnie Hauser assisted in serving the wedding breakfast. Upon their return they will be at home at 1902 South Firth street.

Miss Olga Westby of Sparta and Andrew Thompson of this city were married Tuesday at the home of the bride's mother in Sparta. The ceremony was performed by the Rev. H. G. Magelssen, pastor of the Sixth street Lutheran church of this city. The bride wore a gown of white French lawn trimmed with lace and carried bride's roses. After the ceremony a wedding breakfast was served to a large number of guests. The bride has resided in this city for a number of years and is prominent in the young society. She is a sister of Mr. Julius Westby, one of the prominent clothing merchants here. Mr. and Mrs. Thompson were the recipients of many handsome presents. They have a pretty little home ready furnished on Market street where they will receive their friends after Nov. 15th.

Miss Luela Nesler and A. V. Neratsky were married at the home of the bride's parents, Mr. and Mrs. J. Nesler, on South Fifth.

The wedding of Miss Emma Schroeder and Frank F. Brose of Pickwick took place Wednesday afternoon at the German Lutheran church, Rev. Julius Gammes officiating. Miss Ida Schroeder, a sister of the bride, and Miss Clara Witt were bridesmaids and Messrs. Otto Schroeder and Rainhold Parpart were groomsmen. After the ceremony the bridal party returned to the home of the bride's parents on Badger street, where a reception was held followed by dinner. Mr. and Mrs. Brose have gone to Pickwick where the groom has a valuable farm two miles from town.

There was a pretty wedding Monday afternoon at the home of the bride's parents, Mr. and Mrs. George French of Onalaska when their daughter, Miss Luella French was united in marriage to Oscar Leinlokken of St. Paul. Only a few friends and relatives were present. Rev. C. L. Hocking officiated. After the ceremony a wedding breakfast was served. Mr. and Mrs. Leinlokken have gone to St. Paul to reside. Mr. Lienlokken is telegraph editor of the Pioneer Press.

INDUSTRIAL BAZAAR.

The Ladies' Industrial society of the First Baptist church held one of their largest and most enjoyable meetings with Mrs. T. J. Farlan, 618 South Fifth street, this last Thursday afternoon. Arrangements for the "All Day" bazaar were completed. The ladies have worked very earnestly for several weeks for the bazaar and their efforts will undoubtedly bring great success. The friends of the society are sure to be greatly surprised at the beauty and variety of articles for sale. Merchandise of every legitimate description for a church bazaar will be found in the booths. One very unique feature of the bazaar will be the large manufacturers' advertising sale. Donations, not only from La Crosse but from all parts of the country have been received in return for which advertising matter will be distributed. The fancy work department has been well suppied with a large variety of very beautiful articles. The doll booth under the direction of Mrs. Geo. H. Taylor will offer many an attraction. In "Mother's Pantry" will be found canned fruits of every description. The committees having in charge the several departments are as follows:

CARD PARTIES.

Mrs. F. B. Smith is entertaining this afternoon at royal euchre at the Stoddard. There are six tables. After the game dinner will be served in the private dining room. The decorations will be baskets of deep red roses with garniture of smilax. At each place beside the name card will be a miniature football filled with comfits with green and red ribbons leading to the plate. The plate rail will be dressed with garlands and bunches of roses. In a prominent place are the Wisconsin and Minnesota football pennants in honor of the game that is being played today. Naturally the Wisconsin takes precedence in size as it will undoubtedly carry off the honors, at least, that is the prayer of all. The guests present will be Mesdames J. M. Hixon, Abby Burton, George Burton, J. W. Skinner, W. R. Finch, J. J. Abblet, William Doerflinger, J. B. Funke, Frank Funke, David Austin, A. T. Clinton, J. L. Pettingill, Fred Philips, C. L. V. Fetter, the Misses Harriet Jefferson, Frances Sill, Margery Sill, Fairie Holley, Alice Wheeler and Miss Barber.

Mrs. Odyn J. Oyen and Mrs. A. E. Soderberg are entertaining this afternoon at cards. About sixty-five invitations were issued. This is the first one of a series.

HALLOWE'EN FESTIVITIES

Tuesday evening Mr. Dean May gave a costume party. The guests were Mrs. Wiggs and her friends. Those present were the Misses McCann, Sadie McCann, Higbee, Marion Anderson, Miriam Harrison, Irma Candrian, May, Messrs. Blair, Sawyer, Lubby, Halstead and Robert Lytle.

A dozen young women, chaperoned by Mrs. A. E. Soderberg, congregated at the home of Miss Edna Walker where they passed several pleasant hours. Fortune telling was one of the features of the evening. Many startling truths of the past were revealed which gave confidence that the predictions of the future would be verified. Those present were the Misses Marion Dorset, Maud Pettingill, Etta Willsie, Gertrude and Lottie Heyden, Mary Miller, Georgie Meason, Emma Lees, Anna Beisel and Mrs. Joyce Hogan.

HALLOWE'EN AT Y. W. C. A.

There was a pleasant affair at the Y. W. C. A. Hallowe'en night. The guests were met at the door by ghostlike forms who conducted them in silence to the reception room. Fortune tellers and goblins were omnipresent and took delight in predicting the future and revealing the past. The weird light emenating from Jack 'o lanterns was enough to make the stoutest hearts quail as they lookaround over the uncanny scene. After this had been thoroughly enjoyed and commented upon the lights were turned on and the fun began. All sorts of Hallowe'en pranks were indulged in. In the dining room a huge pumpkin basket surrounded in a nest of green and filled with lucious fruit centered the association table from which the light refreshments were served. It was a most delightful affair and prove that the members of this association are au fait in arranging entertainments both pleasant and interesting.

The Ladies' League of the Universalist church met at the home of Mrs. E. L. Spicer Tuesday evening. All the guests were arrayed in fantastic garbs, some of which had graced their grandmothers in days gone by. The husbands of the league ladies had an affair of their own at the house of Mr. W. A. Pryor. What took place there we cannot say, and they won't tell, however they had a good supper gotten up by themselves and a right jolly good time in the bargain.

The senior nurses at the Lutheran hospital gave a sheet and pillow case party that same evening at the hospital. Hallowe'en games were indulged in and light refreshments served.

Miss Annie Brayton was hostess at a clever Hallowe'en party Tuesday evening at her home on South Eleventh street. The rooms were appropriately decorated with Chinese and Jack-'o-lanterns. The guests were attended throughout the evening by witches and ghosts. A syble distributed fortunes from a cave in the cellar. Other methods of telling fortunes was by tea grounds and an astrological chart. After other well known mystic pranks the guests seated themselves upon pillows when refreshments were served consisting of the usual Hallowe'en dainties. Marshmalows were toasted over tiny candles set on plates. The evening closed with thrilling ghost stories, and after the midnight hour when all ghosts and goblins are supposed to have disappeared each departed safely to their respective homes. Those present were Misses Margaret Beisel, Grace Drake, Martha Lightbody, Jessie Daniels, Alice Cronon, Orrie Bigham, Will Daniels, Carl Pfund, Ray Maxon, C. Paschke, Dr. Phillips, Mr. and Mrs. A. M. Brayton, Mrs. C. B. Eastman, Mrs. Irene Holbeck and Mr. and Mrs. W. J. Brayton.

PROGRESSIVE DINNERS.

The T. J. C. club which is composed of twelve of the high school young girls gave a progressive dinner Hallowe'en night, each course being served at homes of the different members. The first course started with Miss Florence Scofield as hostess. The meat course with its accessories was served at the home of Mrs. John Oesgher on Sixteenth street by Miss Ethel Olberg and Miss Gretchen C. Oesgher, the salad by Miss Florence Swaim, pastry Miss Beth Ryan and the ice cream and cake by Miss Marion Moss. The grand finale was at the home of Miss Agnes Hayes where the company was re-enforced by twelve young men. Here light refreshments were served, games played and all kinds of Hallowe'en stunts practiced. The party was chaperoned by Miss Ella Hardy and Miss Alice Cummings. Others that were present were Katherine Willoughby, Lyla White, Edith Pryor, Dolly Tisdale, Robert Roy, Harry Gatterdam, Dow Moore, Fred Fuller, Duncan Rowles, Edgar Billman, Ben Brindley, Walter Tisch, Hugh Moss and Howard Ryan.

Another progressive dinner on Hallowe'en night given by another set of school girls started with Miss Helen Scofield. The second course was served at Miss Margaret Crosby's, the third by Miss Julia Waters, the fourth by Miss Olga Candrian, the windup being at the home of Miss Mary Anderson.

LINEN SHOWER.

Miss Jennie Johnson of the north side gave a linen shower Thursday night for Miss Louise Lins, who is to be married November 14. The house was beautifully decorated with smilax, red carnations and red hearts, attesting to Miss Johnson's artistic ability. Dainty refreshments were served during the evening. Miss Lins was the recipient of a large number of handsome and useful articles for the household. Those present were Misse Louise Lins, Jennie Johnson, Olga Jenson, Anna Bulrud, Ida Williams, Nettie Williams, Ita Iverson, Bertha Franz, Grace Sherwood, Mae Kennedy, Ruth Warren, Mrs. Theo. Ahrens, Mrs. Lisbachen.

LADIES'S SOCIETY.

The First Presbyterian Ladies' society was entertained Monday afternoon by Mrs. E. K. Barr and Mrs. F. H. Scofield at the latter's home, 422 South Fourteenth street. The large company enjoyed a delightful social time and light refreshments were served. The Ladies' society this week gives a chicken pie supper in the church parlors Tuesday evening.

TO MERCHANT ADVERTISERS.

It is of importance to every merchant in this city that he know as nearly as possible the relative circulations of the newspapers in which he advertises.

So far as the city is concerned, the most practical way of determining circulation is by a canvass of the entire city. This will eliminate the possibility of "padding."

We therefore make this offer to the La Crosse Retail Merchants' Association:

The Tribune will contribute to the Merchants' Association one-third (1-3) the expense of such a canvass, upon the following conditions:

A committee to have charge of the canvass shall be chosen at a regular meeting of the association, said committee to be elected, and not appointed by the chair.

The fact that said committee is to be elected shall be advertised in the daily papers at least one week prior to said meeting.

Said committee shall employ canvassers to make a systematic canvass of the city, and said canvassers shall report by blocks the exact number of subscribers each paper has in each and every block in the city.

Canvassers shall also make inquiry of subscribers as to whether they have ordered any papers coming to their homes, whether they read them, and expect to pay for them, and whether they have ordered any papers stopped that continue to come to their homes, and whether any such papers are "sample copies," or are delivered on approval.

Of course the Leader-Press and The Chronicle will agree to defray one-third each of this expense, so there should be no delay in causing the canvass to be made. Or perhaps they will decline, "for business reasons."

WHAT THE PAPERS ARE DOING.

Newspapers, like men, do not much concern a community unless they do things, and like men, their popularity depends upon the sort of things they do.

There are three English daily newspapers in La Crosse. Did you ever stop to summarize their doings? Let us take a few moments today to figure out just what each of these papers has done.

The Chronicle has been a faithful servant of the public service corporations it is owned by. It has printed the things that the corporations wanted printed, and it has not printed anything that they did not want printed. It assisted in the attempt to hide the Central "deal," and it fought the franchise sought by the new lighting company. It entered into a conspiracy with the Leader Press to force the city and county to pay extortionate prices for public printing. It has, however, printed some news and it has been a rather better paper than is the Evening Organ.

The Leader-Press has represented its master, the Light Trust, with more devotion than intelligence. It assisted in producing the painful silence about the Central "deal," became richer by the acquisition of a certain amount of "common stock," entered into the printing conspiracy above mentioned, combined with the Chronicle to hold up the Interstate Fair association. It is famous for its sworn circulation statements and its bourbonism.

The Tribune has acquired a large circulation, most of it having been taken from the Leader-Press and Chronicle; it has demanded the restoration of lighting and power competition with the result that a splendid new plant is just beginning operations and the cost of electricity and power have been reduced from 25 to 33 per cent already, before a wheel is turned. It began the campaign for the expulsion of the trading stamps, and there are none here now; it broke up the Leader-Chronicle conspiracy to get fabulous pricees for city and county printing, and has thereby saved the taxpayers thousands of dollars; it supported the Interstate fair when the other papers were fighting it, and made the fair the greatest success ever achieved by a fair in this city. It has stood for the rights of the merchants and the people of La Crosse, and against corporation rule. It has waged war on public graft and exerted a healthy influence through grafters respecting the fact that exposure was sure to follow detection.

That is why The Tribune is getting the bulk of the advertising business? Why, the news that today the wheels of the Wisconsin Light & Power company are turning for the first time is of itself a "boost" for this paper that should be read with delight by every citizen of La Crosse who buys electricity or gas for light or power.

DEFIANCE

"We will not reduce the price of gas until there is a competing gas plant in La Crosse."

OUR NEW INDEPENDENCE.

The earliest formal declaration of political independence in this country was made by the independent newspapers.

The harvest of their sowing now appears.

Think of a member of the cabinet declaring himself independent of the republican party of Cincinnati.

"If I were able," said Secretary Taft in his Akron speech, "as I fear I shall not be because public duty calls me elsewhere, to cast my vote in Cincinnati in the coming election, I should vote against the municpal ticket nominated by the republican organization."

Twenty years ago such a declaration would have been political heresy.

Twenty years ago when the independent press proposed the separation of city from national and state politics, the proposal was jeered at by the cynical as the drivel of dreamers.

Equally striking is the declaration of Secretary Root that "the gang ruling Philadelphia are not republicans. They are a corrupt and criminal combination. They deserve the opposition of all honest republicans."

Why, that sounds like one of Carl Schurtz's heretical utterances of the 70s.

There is a new tone in the political atmosphere.

Idealism is really getting its innings.

Note the independent support of District Attorney Jerome of New York.

Note President Roosevelt's bold declaration that city government and national politics are distinct and that any effort to combine them works to the injury of both.

Let the grafters rage and the political rounders imagine a vain thing. The country is getting a new point of view on political decency.

All hail the new declaration of independence!

"POCKET-MONEY" DOESN'T JUST "HAPPEN."

Plenty of "loose change" helps your self-respect.

An empty pocket—or a pocket that is empty two days before every pay-day, is a melancholy thing and a breeder of self-disesteem.

The average man may always contrive to avoid empty pockets. To have too little "spending money" and to have too many "things" in cellar or garret—is NOT THRIFT!

The man who finds frequentl use for the "For Sale" columns will never be "broke." He will find a market for the old wheel, the old piano, the old stove, the old phonograph, the old desk, the old chairs, the old tables, the old silver, the old book-case, the old shelving—for all of the endless list of old things that still have a value. He will learn that while it takes a little pocket-money to pay for them, WANT ADS. WILL SOON SOLVE THE "LOOSE CHANGE" PROBLEM!

JUST LIFE

The Smart Set.

Don't you think its rather funny,
How a little wad of munny,
Gives a man both blood and station
In our 'fishy" new creation
—Called society?

You may trace your kin to Nero,
You may even be a hero,
But if our social sea would'st lash
With the "Cods"—go get the cash,
—that's society.

* * * *

He who smileth winneth the smile—and all which followeth. Gad zooks!

* * * *

"He who getteth the munney is indeed well off, and may well looketh upward."—St. John D. xx:13.

* * * *

Beware the man who is loud in your praise and whispers, apologetically, of your shortcomings.

* * * *

An old Indian was moving along Main street at Third about three yards in advance of his moccasined squaw. He passed an officer.

"Bu-joo! Bo-joo," he grunted.

"Yessir, South on Third street, 'alf a block," directed the officer pointing out the "Bijou" signboard a half block away. "Right down there."

And away went Lo, squaw and papoose to see the show.

* * * *

Oh! A-h-h-h-h-h-h-h

One who calls himself the "poet" of womanhood" has been delivering lectures and punturing Bernard Shaw in New York. This is one of the poems of the poet of w.:

"Your lips against my own,
Your touch, your thrill, your moan,
Eternity had ended sheer
And we had never known.
I whisper it; I almost fear
To realize you, O so near,
Not God can pass between us, dear,
Just you and love alone."

Surely not even a science creature's germ could pass between such a pair of "us, dear, just you and love alone."

Before we judge a man, we should learn whether he has money. Never condemn a man you believe you can touch for a lump at some time later.

NEW MALE QUARTET IN THIS CITY.

The music lovers of the city will be pleased to learn of the formation of a new male quartette by four of the young men of the city. This organization which now enters the musical circle of La Crosse has been named the Harmony Male Quartette and is composed of Albeck Hegge, Reuel E. Russell, Leroy L. Marshall and Orlando Hommey. They are all comparatively young singers but are possessed of exceedingly rich voices and more than ordinary musical ability. This young quartette will undoubtedly be given a large hearing whenever they sing. The quartette has been under the direction of J. R. Kerr and many friends of the singers are expecting them to win a high place among the musical clubs of the city. The quartette is to make its initial appearance Sunday night at the First Baptist church where they will assist in the service by singing "Lead Kindly Light," by Dudley Buck.

Murdered Boy Was Wild

Regarding the career of Leroy Sumner, the young man who was killed by "Ed" Clark, the former La Crosse gambler, in Dubuque, for the alienation of his wife's affections, the Davenport Times says:

"Young Sumner's career has been a wild one. At 13 years of age he left home—ran away, it is said. Though a mere boy, he became a wanderer over the face of the earth. At widely separated intervals he appeared at his mother's home. Efforts to satisfy him among those who cared for him and had his welfare at heart were uanvailing. He appeared at the family hearthstone, remained a few weeks, then the craving of a restless spirit always overcame his determination, and he was away into the world of which he had learned so much during years when other lads of his age were in school."

TYPEWRITER IMPROVEMENTS

The manufacturers of the Remington typewriter, not content with the state of practical perfection to which that machine has already been brought, have added several valuable improvements to the 1905 model. Among these are an improved letter-spacing mechanism; a new variable line spacer, making corrections easy and adjustment of the paper by hand no longer necessary; an adjustable side guide for immediate adjustment to any marginal indentation; a new polychrome lever, making possible an instant change in the color of the letters. All of these improvements have been thoroughly tested and found to add greatly to the speed, ease and evenness of action and the perfection of the work.—New York Journal of Commerce.

BOWLING TOURNAMEMT ON NORTH SIDE.

The north side bowling league will start a series of games under the new organization next week.

A meeting was held some time ago and all approved of the league but as several of the best bowlers on this side were absent no action was taken and the meeting has been postponed to next Tuesday when they will meet in the Breuer's hall on Mill street and the business meeting and election of officers will then take place.

There are now a large number of enthusiastic bowlers on the north side and it is expected that this year's league will beat all previous records.

About six teams will be organized. The alley record was raised some time ago and is now 289, held by Ed. Anderson. Albert Roberge held the record with a score of 265 for over a year.

HARVEY MEDICAL COLLEGE CONDEMNED

Dr. A. U. Jorris of this city as one of the members of the state board of medical examiners, has concurred in an opinion of the board that Harvey Medical college, Chicago, is not reputable and its graduates are not entitled to licenses to practice in this state under the reciprocity provisions of Wisconsin.

The reputability of this school was gone into thoroughly at the hearing before Judge Williams in Milwaukee, a number of months ago upon the application for a writ of mandamus. Drs. J. V. Stevens, A. U. Jorris, W. T. Searles, L. F. Bennett, J. R. Currins and Filip A. Forsbeck, constituting the board of dental examiners, claimed that the college did not come up to Wisconsin standards. The principal objections to the institution were made on the ground that it was a night school and that most of its students went to classes and lectures after working hard all day.

MILWAUKEE NOTES.

The Milwaukee switch shanty at the Berlin and St. Cloud street crossing was almost entirely consumed by fire this morning.

It started from an overheated stove and as business is rushing and Mr. Smith, the crossing tender, is obliged to be outside most of the time, he did not notice the building until it had started to burn.

Assistant Chief Carpenter Jesse Bennett of Watertown was in the city today inspecting the work which will be completed this evening, on this end of the La Crosse division which has been done during the past few days by four crews of carpenters three of which are from Milwaukee.

A large number of rooters passed through the north side this morning over the Milwaukee road en route to Minneapolis where they will attend the Wisconsin Minnesota football game.

There were twelve coaches of them. They left the north side at 3:05.

The Sparta team which played the La Crosse high school team this afternoon came in on No. 55 this morning. Several of their boys were looking for bets on Sparta.

A new time card which will change the schedule for nearly all of the freight trains will go into effect tomorrow.

Only two new trains have been entered to effect the La Crosse division.

One will go out here at 10:15 and a new train will come in at 6:40 a. m. No changes have been made in the schedule of the passenger trains.

AMATEURS DELIGHTED AUDIENCE

The two large audiences which last night were entertained at the popular Bijou theatre with the amateur performance were delighted with the unusually fine show. Three boys made the hit of the evening in singing specialties. There were also other features of unusual merit and interest. The management proposes to make a special effort in the future to secure amateurs and patrons of the Bijou are always assured a fine show at that popular place of entertainment on Friday nights in the future.

The crowds last night taxed the capacity of the theatre, but all were comfortably seated. The Bijou is certainly growing in popularity every day.

"Where have you been last night Clarence?"

"Oh! Went t' see that Smith-Marshall vaudeville outfit at the theatre."

"How was it?"

"Pretty old. Why I saw most of their stuff at the Bijou months ago. Most all of the motion pictures have been at the Bijou; their juggler played there last summer and other specialties were seen at the Bijou from time to time."

"That Bijou's a neat little place."

"You bet it is. Have another drink. Gimme a little Bourbon 'n ginger, Larry."

"I've seen vaudeville shows in all the large cities," said the first speaker, "and they have the same class of stuff at the Bijou they do in the best vaudeville houses in the country."

"Its well patronized, too."

"Yes, people know a good thing. Have another."

"Little Bourbon 'n ginger, Larry."

"What time is it?"

"Ten minutes tof nine."

"Let's go and see the second performance at the Bijou."

'All right. Have another before we go."
